

Keystone Public School District Wellness Policy

Purpose

The Keystone Public School District (the District) recognizes the important role that schools play in the development of children's lifelong health habits, their ability to learn, and their overall well-being. Schools can improve the health of students not only by educating them about the importance of healthy behaviors, but also by implementing policies that promote those behaviors.

Therefore, the District establishes the following policy to promote the health and wellness of students and staff and to ensure its schools comply with those standards established by federal and state law. Specifically, this policy requires all schools in the District to:

- Allow parents, students, representatives of the school food authority, physical education teachers, school health professionals, the school board, school administrators, and the general public to participate in the development, implementation, review, and update of the school wellness policy.
- Establish nutrition guidelines that meet or exceed the United States Department of Agriculture's (USDA) school meal requirements and the nutrition standards for competitive foods and beverages.
- Create goals for nutrition promotion and education, physical activity and physical education, and other activities that promote student as well as staff health.
- Adopt a plan to ensure the policy is properly implemented, regularly assessed, and periodically updated.

Definitions

- **School campus**
All areas of the property under the jurisdiction of the school that are accessible to students during the school day.
- **School day**
The period of time from the midnight before to 30 minutes after the end of the instructional day.
- **Competitive foods and beverages**
Foods and beverages that are sold on campus outside of the federal reimbursable school meals program during the school day (e.g., in vending machines or school stores).
- **Smart Snacks standards**
Nutrition standards, issued by the USDA, that set limits on the amount of calories, salt, sugar, and fat in competitive foods and beverages.

NUTRITION

School Meal Requirements

The District will make nutritious foods available on campus during the school day to promote student and staff health. At a minimum, the District Child Nutrition Program will serve reimbursable meals that meet the United States Department of Agriculture's (USDA) requirements and follow the Dietary Guidelines for Americans (DGA).

Specifically, the District will ensure that all meals are the following:

- Accessible, appealing, and attractive to all children
- Served in a clean, pleasant, and supervised setting
- High in fiber, free of added trans fats, and low in added fats, sugar, and sodium
- Respectful of cultural diversity (e.g., students will be encouraged to suggest local, cultural, and favorite ethnic foods) and religious preferences

The District will also ensure that schools do the following:

- Encourage students to start the day with a healthy breakfast.
- Provide breakfast through the USDA School Breakfast Program.

Water: Schools will make clean drinking water available and accessible without restriction and at no charge at every district facility (including cafeterias and eating areas, classrooms, hallways, and faculty lounges) before, during, and after school.

Information and Promotion: As required under the National School Lunch Program (7 CFR 210.12), the District will promote activities to involve students and parents in the School Lunch Program. In addition, the District will do the following:

- Inform families about the availability of breakfasts for students.
- Send applications for reimbursable meal programs to families at the beginning of the school year and make applications available on the District website.

Adequate Time to Eat: The District will allow students at least 10 minutes to eat breakfast and 20 minutes to eat lunch from the time they are seated / provide sufficient lunch periods that are long enough to give all students (PK-8) adequate time to be served and eat their lunches.

Competitive Foods and Beverages

All competitive foods and beverages sold to students during the school day must meet or exceed the USDA's Smart Snacks standards.¹

Other Foods Provided at School

Other foods and beverages provided (not sold) on campus (e.g., for classroom parties, celebrations, and afterschool-programming) must meet the USDA's Smart Snacks standards. The District, however, may allow exemptions for up to [two] celebrations during the school year, during which the foods and beverages served are not required to meet the Smart Snack standards.

Nutrition Education

Schools will offer—and integrate into the core curriculum—nutrition education to all grades (PK-8), providing students the knowledge and skills necessary for lifelong healthy eating behaviors, including the following:

- What it means to eat healthfully, consume the proper nutrients, and maintain a wholesome and balanced diet.
- How to read labels .
- Food, beverages, and candy will not be used to reward or punish academic performance or student behavior.

Nutrition and Healthy Food Promotion

The District will promote healthy food and beverage choices and appropriate portion sizes by doing the following:

- Exhibiting posters, signs, or other displays on the school campus that promote healthy nutrition choices.
- Encouraging school staff to display healthy eating habits and physical activity choices to students (e.g., by eating with students during meal times, consuming only healthy snacks, meals, and beverages in front of students, sharing positive experiences with physical activity with students, etc.).

Food and Beverage Marketing

Only foods and beverages that meet the USDA's Smart Snacks standards may be marketed in schools.

Staff Qualifications and Training

The District will follow the USDA's Professional Standards for State and Local Nutrition Programs in selecting local school nutrition program directors. Also, the District will require all personnel in the school nutrition programs to complete annual continuing education and training.

In addition, Child Nutrition Staff will do the following:

- Receive training in basic nutrition, nutrition education, safe food preparation, and nutrition standards for healthy meals and snacks.

PHYSICAL EDUCATION AND PHYSICAL ACTIVITY

General Requirements

The District will ensure that all elementary school students (K-5) participate in a minimum of 60 minutes of physical activity each week whether through physical education, exercise programs, after-school athletics, fitness breaks, recess, classroom activities, or wellness and nutrition education.

Recess and Physical Activity Breaks

Recess: The District will require schools to provide elementary school students (K-5) at least 20 minutes of recess each day (in addition to the PE requirements). Additionally, the District will do the following:

- Develop indoor recess guidelines to ensure students can have adequate physical activity on days when recess must be held indoors.

Physical Activity Breaks: The District will require schools to provide all students (K-8) short breaks (three to five minutes) throughout the day to let them stretch, move around, and break up their time spent sitting. These physical activity breaks may take place during and/or between classroom time.

Physical Education (PE)

The District will require all schools to establish a comprehensive, standards-based PE curriculum for each grade (K-8). Schools will ensure that PE classes and equipment afford all students (K-8) an equal opportunity to participate in PE.

Elementary school students (K-5) will participate in at least 60 minutes of PE per week throughout the entire school year.

Teacher Qualifications, Training, and Involvement

- Teachers will receive training on how to integrate physical activity into the curriculum. Some portion of this training will be incorporated into annual professional development.
- PE classes will be taught by licensed teachers who are certified or endorsed to teach PE.

Punishment and Rewards

- Physical activity will not be used or withheld as punishment. (This does not apply to participation on sports teams that have specific academic requirements.)
- The District will provide a list of alternative ways for teachers and staff to discipline students.

Grounds, Facilities, and Equipment

The District will ensure the availability of proper equipment and facilities that meet safety standards and will conduct necessary inspections and repairs.

OTHER ACTIVITIES THAT PROMOTE SCHOOL WELLNESS

Staff Wellness

The District recognizes that employee health is essential to student health and to creating healthy school environments. Accordingly, the District will implement an employee wellness program that promotes healthy eating, physical activity, and overall health. The District may partner with community agencies and organizations (e.g., local health departments, hospitals, health insurance companies, and local chapters of national organizations, such as the American Cancer Society, American Heart Association, Red Cross, and YMCA) to assist in providing education, services, and resources for staff.

The District will do the following to support staff wellness:

Nutrition

- Provide employees with access to a refrigerator, microwave, and sink with a water faucet.
- Provide or partner with community organizations or agencies to offer nutrition education through activities such as seminars, workshops, classes, meetings, and newsletters.

General Wellness

- Partner with community organizations or agencies to offer voluntary health screenings annually to staff, including free or low-cost health assessments.
- Promote tobacco prevention and provide referral information on cessation services through the Oklahoma Tobacco Helpline.
- Ensure access to a private space (other than a restroom) that has an electrical outlet, and provide flexible paid or unpaid break times to allow mothers to express breast milk and/or breastfeed.
- Partner with community organizations or agencies to offer immunization clinics (e.g., flu, Tdap, etc.) to staff.

- Provide or partner with community organizations or agencies to offer free or low-cost first aid and CPR training.

Professional Development

The District will provide staff with educational resources and annual training in health and health-related topics.

Health Education

Where applicable, schools' health education curriculums will follow the Oklahoma Academic Standards.

IMPLEMENTATION, MONITORING, AND EVALUATION

Leadership

The District will designate one or more official(s) to facilitate the development of the local school wellness policy, oversee appropriate updates to the policy, and ensure each school's compliance with the policy. The District will ensure that the designated official(s) fully understand(s) the federal and state laws related to wellness policies.

Include the name(s), position(s), and contact information of the designated official(s) here:

Name	Position	Contact Information (Email address is sufficient)
Jean Carlisle	School Counselor	jcarlisle@keystone.k12.ok.us

Community Involvement

The District will permit parents, students, representatives of the school food authority, physical education teachers, school health professionals, the school board, school administrators, and the general public to serve on the local school wellness policy committee and participate in the development, implementation, review, and update of the local school wellness policy.

Assessments, Revisions, and Policy Updates

At least once every three years, the District will measure the extent to which schools are in compliance with the local wellness policy, as well as progress made in attaining the

policy's goals. Additionally:

- Parents, students, physical education teachers, school health professionals, the school board, school administrators, and the general public will be allowed to participate in the development, implementation, and periodic review and update of the local wellness policy.
- The District will assess how its policy compares with the latest national recommendations on school health, and will update the policy accordingly.
- The District will inform and update the public about the content and implementation of the local wellness policy.

This District School Wellness Policy adopted by the Board of Keystone Public Schools at the regularly scheduled meeting on this, the _____ day of _____ in the year _____.

Board President: _____

Board Secretary: _____

Board Clerk: _____
