

# October News

## Ranger of the Month Math Masters

### AR

We have several third and fourth grade students who have almost mastered their addition math master's facts! Our AR points are growing like crazy! We have a student who is past 500 points!

## A Note From Mrs. Veldkamp

We have had some awesome things happening here at Keystone! We have several student receiving "Caught You" cards when they are doing something that stands out! I am so proud of our students and staff this year ☺

## Staff Spotlight

### Ms. Kemper

Ms. Kemper is the amazing main office secretary! She is new to Keystone this year but she already knows every student's name and face. She takes on so many roles in our building to keep things going! She is always smiling, greeting the kids, and making everyone feel welcomed. I am so thankful to have her in the office. She is one of a kind

### Ms. Hilton

Ms. Hilton is one of our third grade teachers. She joined Keystone a couple of weeks into the school year and she has hit the ground running. She has built relationships with her students and has created lessons that are meaningful and fun. I am so thankful that she joined our Ranger family once again ☺
