Mission Statement

Keystone Public Schools will serve the Keystone Community by providing an education that will enable all students to attain their full potential and continue the process of lifelong learning. The mission shall be achieved by aggressive pursuit of the following goals:

1. Create a learning environment that enables all students to maximize and achieve full learning potential.
2. Actively recognize and respect cultural diversity and individual worth.
3. Continually pursue openness to innovations in education.

Our goals are designed to provide a continuation of essential learning by supplying each student with basic facts and experiences. We will provide a supportive environment that recognizes the uniqueness of each individual and offer the opportunity and skills necessary to attain their full potential. To achieve these goals, mutual respect and understanding must be present in the learning process on the part of all participants.

3. Immunization Record
4. Proof of Residence or Approved Transfer

The school will retain copies of each item with the completed enrollment forms that are provided at the time of enrollment. The immunization record should be the most current record at the time of enrollment and the record should be updated each time the student receives additional immunizations. All students attending Keystone Public Schools shall reside with their parents or legal guardian or have an approved transfer as required by the State Board of Education. All information must be provided to the school before the child will be allowed to enter the classroom.

Student Records

It is of utmost importance that we be notified throughout the year of any changes in pertinent information such as contact phone numbers, change in address or court documents. In the event of an emergency, current information is vital. All records should be updated as needed to maintain a good line of communication and to keep the student and school in good standing with all records. Records can be updated at any time by making contact with the school secretary either in person or by phone at 918-363-8298.

All student records maintained by the school are open for review by the child's parent or guardian. In the case of custodial and non-custodial parents, the Oklahoma State Statutes will be followed as stated:

“Any information or any record relating to a minor child, which is available to the custodial parent of the child, upon request, shall also be provided the non-custodial parent of the child. Provided, however, that this right may be restricted by the court, upon application, if such action is deemed necessary in the best interests of the child. For the purpose of this section, “information” and “record” shall include, but not to be limited to, information and records kept by the school, physician and medical facility of the minor child.” Student records may not be released to anyone outside the school without written permission from the parent or guardian. If you wish to review your child's records, please contact the school office.

General School Policies

Attendance

It is important for your child's education that he/she attends school on a regular basis. If your child must be absent from school, please use the following procedures to ensure the absence is recorded properly.

1. The school should be notified prior to 9:00am for each day's absence. Please call the main office at 918- 363-8298 and give the student's name, grade/homeroom and reason for absence. This information will be recorded and used to determine if the absence is either excused or unexcused. If your child is absent and the office is not notified, the absence cannot be excused.
2. If your child is absent for two or more days, please request that the student's assignments be provided for the student. It is the responsibility of your child to make up the missed assignments during their absence. All assignments must be completed and returned upon your child's return to school. You may request the assignments by calling the office at 918-363-8298 and giving the student's name, grade/homeroom and asking for assignments plus any related materials the student should have received during the absence. Parents should not interrupt class to request missed assignments. Teachers will need time to gather the assignments and prepare any additional information your child might need to complete the assignments. If you do not request assignments, your child will be given one day to make up missed assignments for each day absent up to a total of five days.
3. Students who miss more than three consecutive days with an illness will be required to submit a doctor's note and release upon returning to school. Assignment completion for long extended absences that require special needs should be agreed upon by the student, parent, teacher and principal.
4. Doctors notes will need to be provided for any doctor visits attended during school hours to ensure they do not count towards the 10 days of unexcused absences that will lead to truancy.

A student who is absent without valid excuse (doctor's note, etc.) for four or more days or parts of days within a four week period or is absent without valid excuse for ten or more days or parts of days within a semester can receive a failing grade and be retained at that grade level. In either case, the student is considered truant from school and must be reported to the District Attorney's Office according to Title 10 of the Oklahoma Statutes (70-10-106). If you have any questions concerning this matter, please contact the school counselor.

Tardiness

Students are expected to arrive and leave school on time. If your child arrives late other than for a reason related to operational bus problems, he/she must report to the main office doors (ring doorbell) with parent or guardian and receive a tardy slip before going to class. Students should not be late to school or leave early more than four times per semester. Excessive tardiness or frequent early departure can result in detention or suspension from school. Tardiness to class or early departure from is considered to be as much of a problem as other forms of refusal to follow authority and will be treated as such.

Classroom Homework

Homework is assigned when students need extra reinforcement of skills, when assignments have not been completed or when a student has been absent from school. Homework is a teacher-planned learning activity, which takes place largely outside of the student's regular school hours. Homework is considered an important part of the instructional program and parents are encouraged to set aside a regular time each evening to discuss any papers their child may have brought home from school and to talk with their child about the day's events. Although homework may not be assigned each night, time should be spent reading, writing, studying math facts, etc. Each teacher will explain their homework expectations; therefore rules concerning homework cannot be made since individual teachers may vary slightly in assignments. Teachers may offer specific suggestions for evening activities. If you are in doubt as to how to help your child with homework assignments, please consult with your child's teacher for ideas and suggestions.

Absentee and Late Work Policy

The following will be a school wide policy beginning with the 2012-2013 school year. Please review the following information:

Late work will NOT be accepted. All work is expected to be turned in by the due date. If you have any questions, please contact the school at 918-363-8298.

Absentee Make-Up Policy

<u>Days Absent</u>	<u>Days to complete and return work for credit.</u>
1	One (1) day to make up work.
2	Two (2) days to make up work.
3 to 5	Three (3) days to make up work.
Over 5 days	Five (5) days to make up work. Any request for additional days by a student or parent must be approved by the principal.

Suspended Student Homework Policy

Keystone Public Schools provides the opportunity for students suspended from school to receive educational services during their suspension in one of the following manners usually determined by the length of the suspension.

1. Teachers will prepare student's assignments and instructions prior to a specific time for the lessons to be picked up by the parent or transported home by a sibling. Any additional lessons will be sent home once the provided lessons have been returned. In some instances, a specific day of the week or other pick up and drop off schedule may be developed for the student/parent depending on the length of suspension. All assignments must be completed and returned upon your child's return to school unless otherwise specified.
2. A student in need of tutoring, instruction of lesson or process and/or testing of material may contact the building principal to set a time and place for student to come to school for this to occur. Principals will work to have student be on campus either before or after school and/or during the teacher's plan period at a location on school grounds that will not allow the student to interact with other students.

Keystone Public Schools will work with the student and parents to allow the student to maintain a progression in their learning for all subjects. The student's progress will ultimately depend on the student performing the work provided and following the established guidelines during the suspension period. Parents will be responsible for maintaining the line of communication and transportation of materials and student when needed.

Placement of Students

Room placement is made by the principal in collaboration with teachers and special education service personnel. Some factors considered in placement are social traits, work habits, student's ability and achievement and recommendations of teachers. Once school has started, class size will also be used in determining placement. After careful consideration of the information on each child, placement is made with the teacher who will provide the best opportunity for learning. If a parent is not satisfied with the student's placement, a conference will need to be held with the building principal to determine if a placement change can occur.

Progress Reports and Report Cards

Teachers will monitor students each day for classroom behavior and academic progress to establish the student's ability and/or difficulties he/she may be experiencing in the classroom. Teachers are encouraged to keep parents informed on their child's behavior in the classroom and academic progress as needed. Academic progress will be reported to the parents through progress reports that will be issued at the end of the sixth and twelfth week

of each semester grade period. Report cards will be issued at the end of each semester. The following grade scale will be used to report student progress:

Pre-K 4 and Kindergarten Grades:

S	80 to 100	Satisfactory
N	70 to 79	Needs Improvement
U	00 to 69	Unsatisfactory

First through Eighth Grades:

<u>Letter Grade</u>	<u>Grade Percentage</u>	<u>General Description</u>
A	90 to 100	Excellent
B	80 to 89	Good
C	70 to 79	Fair
D	60 to 69	Passing
F	00 to 59	Failing

Elective Grades:

P	60 to 100	Passing
F	00 to 59	Failing

Retention Policies

The purpose of retaining a student is to better prepare the student with skills and the developmental age needed to successfully meet the requirements of each grade. When it appears that a student will benefit from another year at the same grade placement, parents will be informed of the student's specific needs by the teacher. This evidence will be based on developmental age, testing, classroom performance, attendance, teacher recommendation and parent observation. Notification regarding the possibility of retention will be communicated to the parents prior to the end of the first semester, Spring Parent Teacher Conferences, and/or after the Oklahoma State Testing Program has been completed for the current school year.

Third Grade Retention Policy

The Reading Sufficiency Act (RSA) states that a third grade student cannot be automatically promoted to the fourth grade if he or she scores below basic or basic on the reading comprehension portion of the Oklahoma State Testing Program (OSTP) except for "Good Cause Exemptions" (70 O.S. §1270.508C(J-K) or Probationary Promotion (70 O.S. §1210.508C(H)(4).

Section 1.

The parent of any student who is found to have a reading deficiency and is not reading at the appropriate grade level beginning with the first grade class of 2011-2012 and has been provided a program of reading instruction shall be notified in writing of the following:

1. That the student has been identified as having a substantial deficiency in reading.
2. A description of the current services that are provided to the student.
3. A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified area of reading deficiency.
4. That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student is exempt for good cause as set forth in Section 2 of this policy.
5. Strategies for parents to use in helping their child succeed in reading proficiency.
6. While the results of the criterion-referenced test are the initial determinant, it is not the sole determiner of promotion and that portfolio reviews and assessments are available.
7. The specific criteria and policies of the school district for midyear promotion.

Section 2.

For those students who do not meet the academic requirements for promotion at the end of the third grade school year, Keystone Public Schools may promote the student for good cause only. Good-cause exemptions for promotion shall be limited to the following:

1. English Language Learners who have had less than two years of instruction in an English and are identified as LEP/ELL on a screening tool approved by the OSDE.
2. Students with an Individualized Education Plan are assessed with OAAP.
3. Students who demonstrate an acceptable level of performance on an alternative standardized reading test approved by the State Board of Education.
4. Students who demonstrate through a teacher developed portfolio that they can read on grade level. Portfolio shall include evidence of the student's mastery of the state standards in reading equal to grade-level performance on the Oklahoma State Testing Program (OSTP).
5. Students with disabilities who take the OSTP and have an IEP that states that they have received intensive remediation in reading for more than two years but still demonstrates a deficiency in reading and were previously retained one year or were in a transitional grade during PK, kindergarten, first grade, second grade, or third grade.
6. Students who have received intensive remediation in reading for two or more years but still demonstrate a deficiency in reading and who already have been retained in PK, kindergarten, first grade, second grade, or third grade for a total of two years. Transitional grades count.
7. Students facing exceptional emergency circumstances which prevent the student from being assessed during the testing window. These requests for exemptions must be approved by the Office of Accountability and assessment.

Section 3.

Beginning with the 2011-2012 school year, Keystone Public Schools shall:

1. Conduct a review of the program of reading instruction for all students who score at the unsatisfactory or limited knowledge level on the reading portion of the criterion-referenced test and did not meet the criteria for one of the good-cause exemptions as set forth in Section 2 of this policy. The review shall address additional supports and services needed to remediate the identified areas of reading deficiency. The school district shall require a student portfolio to be completed for each retained student.
2. Provide to students who have been retained with intensive interventions in reading, intensive instructional services and supports to remediate the identified areas of reading deficiency, including a minimum of 90 minutes of daily, uninterrupted, scientific-research-based reading instruction. Retained students shall be provided other strategies prescribed by the school district, which may include, but are not limited to:
 - a. Small group instruction,
 - b. Reduced teacher-student ratios,
 - c. More frequent progress monitoring,
 - d. Tutoring or mentoring,
 - e. Transition classes containing third and fourth grade students,
 - f. Extended school day, week, or year, and
 - g. Summer reading academy.
3. Provide written notification to the parent or guardian of any student who is to be retained that the student has not met the proficiency level required for promotion and the reasons the student is not eligible for a good-cause exemption. The notifications shall include a description of proposed interventions and intensive instructional supports that will be provided to the student to remediate the identified areas of reading deficiency.
4. Provide parents of retained students the district's policy on midyear promotion (see Section 4).
5. Provide students who are retained with a high-performing teacher who can address the needs of the student, based on student performance data and above-satisfactory performance appraisals.
6. Provide students who are retained with at least one of the following instructional options:
 - a. Supplemental tutoring in scientific-research-based reading services in addition to the regular reading block, including tutoring before or after school,
 - b. A parent-guided "Read at Home" assistance plan, as developed by the State Department of Education, the purpose of which is to encourage regular parent-guided home reading, and/or
 - c. A mentor or tutor with specialized reading training.

Section 4. Policy on Midyear Promotion

Retained students may only be promoted midyear prior to November 1 and only upon demonstrating a level of proficiency required to score above the limited knowledge level sufficient to master appropriate fourth grade level skills, as determined by the school. A

midyear promotion shall be made only upon agreement of the parent or guardian of the student and the school principal.

Parent Conferences

Parents are encouraged to schedule conferences with their child's teacher. If the teacher feels a conference is necessary, the teacher will contact the parent. There are established days set aside for parent conferences during the school year (please refer to the school calendar), but parents can request additional conferences when they feel one is needed. Please schedule this conference by calling the office at 918-363-8298 or by email. A line of communication will be established with the teacher to establish a time that is convenient to meet for those involved in the conference.

Parent Question or Complaint Procedures

If and when a parent has a question or complaint the proper chain of authority should be followed to resolve the issue. The proper chain of escalation is (1) classroom teacher, (2) building principal, (3) superintendent and (4) school board. The school board meets once each month and any discussion of the issue would occur at this meeting. In order to be assured recognition at the school board meeting, it is important to be placed on the meeting agenda. This can be done by notifying the school in writing seven days prior to the meeting and requesting to be placed on the agenda.

Visitors

Parents, guardians and visitors should present themselves at the Main Office upon arrival to sign in and receive a visitor badge and must sign out upon departure. Students are not permitted to bring student guests to school because it distracts from the normal flow of the educational activities in the classrooms. Parents, guardians and visitors are not allowed on the playground.

Release of Students

Students are not permitted to leave the school grounds by themselves at any time during the school day. Only the principal or designated representative may release a student from school for any reason. The release must be to the parents, guardian or to an authorized reliable adult, if the parent or guardian is not available. The school should be notified by the parent as to whom the student should be released to.

Parents requesting release of a child for dental or doctor appointments or an emergency must make the request in the principal's office. The parent must come to the main office to sign their child out of school. Students will not be allowed to wait outside of the school building to be picked up by the parent. When a child returns to school after an appointment, we ask that the parent sign the student into school at the main office.

If a student becomes ill, injured or needs assistance, the school will contact the parent using the phone number(s) provided to the school. It is imperative that we have the child's current home phone number and emergency phone numbers for these types of emergencies. The parent should report to the main office when arriving to pick up the student.

Parents need to notify the school if a child custody suit is currently in litigation. If this is the case, the student will be released to the parent that provides written proof of custody through court documentation. Note: The school is compelled by law to honor each parent's claim unless otherwise directed by court documents. If you feel your child is in danger of abduction from an estranged spouse, please do not send them to school. Keeping the school informed and provided with current documentation is vital to maintaining the safety of the student(s) involved and the general student population.

Cafeteria

Students are encouraged to participate in our school breakfast and lunch program. Keystone has made a sincere commitment toward child nutrition by accommodating all children in grades Pre-Kindergarten through Eighth grades with a free breakfast program. Lunch program meals must be paid for prior to eating. Eligibility forms for free and reduced priced lunches must be completed and returned to the school to establish eligibility before an adjustment can be made on the cost of the lunch meal. Once the student's eligibility has been determined, the student and parent will be notified of their cost for the lunch program. Required forms for determining eligibility must be completed each school year. A monthly menu will be posted on our school website at www.keystonerangers.org. Lunch accounts can be paid by cash or check to the main office. Lunch accounts that have been unpaid will be notified by automated phone call. All balances will be carried over to the following year.

School Telephone

Telephones in the building are for school business only. Students are allowed to use only the telephone in the elementary office with permission from their teacher, office personnel or principal and only for limited circumstances. Please remind your child that they will not be allowed to call home at the last minute to make after-school arrangements to visit a friend.

Personal Items Brought To School

Students should refrain from bringing personal items to school. Items that must come to school, such as coats, sweaters, gloves and etc., should be marked with permanent ink using the student's name for proper identification. All items of value should be left at home. Keystone Public Schools will not assume responsibility for lost or stolen items.

Students shall not bring nuisance items. Nuisance items include any and all paraphernalia deemed distracting, disruptive or nonessential to completion of the school day. These items include, but are not limited to: fidget spinners, toys, trading cards, electronic games or devices, gadgets, rubber bands, animals, water guns, and games. The following are not allowed to be brought to school: gum, candy, energy drinks, other edible or non-edible substances, etc. Students should consult with their teacher or principal to determine if an item in question may be brought to school. Items deemed as a nuisance will be taken from the student and returned only to a parent. Purses, bags and backpacks are not allowed in the classroom.

Lost and Found Items

Anything lost or found should be reported to the principal's office immediately. Please label outer clothing, lunchboxes and other personal items with your child's name so lost items can be returned to your child. Proper marking of personal property can reduce these losses. The school cannot assume responsibility for students' losses. Items that are found will be placed in the lost and found box locations. Small items will be kept in the office, while larger items will be located in a box by the cafeteria entrance. The gymnasium will also have a lost and found box. Please contact the office if your child has lost something. All unclaimed items are discarded at the end of the school year.

Student Cell Phone and Electronic Devices

Cell phones and other electronic devices are not permitted at school. If your child MUST bring their cell phone to school, it must be turned off and kept out of sight from 7:45am to 3:30pm. Elementary students (PreK4-4th grade) will turn cell phones into the main office and will pick up at 3:10. Keystone Public Schools is not responsible for lost or stolen cell phones. iPad, tablets, laptops, etc. are not allowed to be brought to school at any time.

Minor cell phone violations include but are not limited to: accidental sound disruption of cell phones, having cell phones visible, and other usage of cell phones during the school day.

School Property

We encourage all students to be proud of our school, and we feel it is the duty of each student to respect school property. Students are expected to be responsible for all textbooks, library books, desks, lockers and other school property issued to them. School buses, buildings and grounds should be maintained and used appropriately. Students who damage, deface, lose or destroy school property shall be required to pay for the repair or replacement. Destruction of school property can also result in suspension from school.

Search of Student and/or Property

The superintendent, principal, teacher or security personnel of any public school in the State of Oklahoma, upon reasonable suspicion, shall have the authority to detain and search or authorize the search, of any pupil or property in the possession of the pupil when said pupil is on any school premises, or while in transit under the authority of the school, or while attending any function sponsored or authorized by the school, for dangerous weapons, controlled dangerous substances, intoxicating beverages, low point beer, or for missing or stolen property if said property is reasonably suspected to have been taken from a pupil, a school employee or the school during school activities.

Pupils shall not have any reasonable expectation of privacy towards school administrators or teachers in the contents of a school locker, desk, or other school property. School personnel shall have access to school lockers, desks, and other school property in order to properly supervise the welfare of pupils. School lockers, desks, and other areas of school

facilities may be opened and examined by school officials at any time and no reason shall be necessary for such search.

Parties

Elementary class parties will take place in December and February. There are no class parties in the middle school. Birthday parties are not allowed at Keystone Public Schools. Please do not send or bring birthday or holiday items to school. We also do not allow birthday party invitations to be passed out at school.

School Pictures

Students will have individual and group pictures taken at various times throughout the school year. These pictures will be used in the student's classroom, school yearbook and for purchase by the parent. Students are provided the opportunity to have an individual picture taken during the school year for purchase. Parents are not required to purchase the pictures.

Field Trips

A field trip that coordinates with a curriculum area may be scheduled for your child's class during the school year. Each child who participates in the field trip must have a signed permission slip by their parent or guardian before the student will be allowed to go. The teacher(s) in charge of the trip will set the schedule and make all necessary arrangements prior to leaving on the trip. A limited number of parent chaperones may be asked to accompany the class on the trip. These chaperones should follow school rules and accept the responsibility of following the procedures set by the teacher(s). Chaperones will be responsible for their transportation and should not bring other siblings on the field trips.

Tobacco Free Campus

The Keystone School Board of Education prohibits the use of all tobacco products by students, staff, contractors, patrons and visitors while on school property, including district vehicles and school sponsored events, 24 hours a day, seven days a week. If patrons and visitors refuse to abstain from using tobacco, they will be asked to leave the property. This includes electronic cigarettes, vapor products with or without nicotine and marijuana.

Trespassing

In accordance to safety and security concerns and under extreme circumstances, individuals may be asked to leave the school campus. Noncompliance of this directive will be considered trespassing and local law enforcement agencies will be immediately notified.

Student Solicitation and Fund Raising

Student solicitation and/or fund raising for school or non-school activities should not occur during the school day. Any type of this activity must be approved by the superintendent prior to beginning sales to minimize time away from class, classroom interruptions and lost instructional time. This includes, but is not limited to students bringing personal items to sell to other students, sponsorships of fundraising activities and fundraisers for charities.

Organizations within the school system must receive advanced approval from the superintendent of the fund raising activity. To be approved, the activity must show benefit to the majority of students within the school district, a clearly established need for the revenue and the specific purpose for the revenue. The organization must follow all district purchasing policies. No fund raising activity will be approved that would require or induce elementary students to go door to door without a parent accompanying the student.

Insurance

Keystone Public Schools does not purchase accident insurance to cover injuries incurred by students while at school or during school sponsored activities or events. Families who do not have adequate family insurance coverage are encouraged to review student accident insurance policy programs for coverage of their child.

Student Conduct

Discipline

Education is a cooperative effort in which teachers and students are brought together for learning to take place. A student's main goal in school is to achieve an education. Another goal is to instill a sense of self-discipline in students so that individuals do not allow themselves to infringe upon the rights of others as they seek an expression of their own. Success in any one class requires being able to listen, recite, share and concentrate without interference. An environment which permits order and efficiency must be provided. Most problems in a classroom center on people disrupting others. This school protects the student's right to an education without interference. When the behavior of an individual student comes into conflict with the rights of others, corrective actions are necessary for the benefit of the individual and the school.

The responsibility for development and maintenance of the proper school environment falls to the combined effort of students, parents, teachers and administration. When procedures are not followed and/or rules are broken, regulations for management of school behavior must be outlined by those responsible for education. Each classroom teacher has established rules and procedures. Students must realize that failure to follow classroom procedures and rules will result in consequences. The teacher has the authority to remove a student from the classroom to a designated authority when the student interferes with the teaching/learning environment of the class. Consequences for failure to follow school rules may include loss of school privileges, notification of parents, lunch detention, after school detention and out of school suspension.

Each child is an individual and behavior problems will be handled on an individual basis, according to the best judgment of the infraction and the principal. Each infraction will be evaluated to determine the level of the offense in each case. Once the level has been determined, the principal will follow the general guidelines for the administration of student discipline and not rigid regulations which are automatically applied in all cases. Administrative discretion is encouraged and recommended in individual and/or unique situations. This includes the potential administration of penalties which are less or more than those penalties described in policy books and handbooks for Keystone Schools. It is

recognized that it is impossible to identify all student actions that might require staff administered consequences. Therefore, discipline may be administered for student actions that are, or possibly, are not described in the Board policies or student and parent/guardian handbooks.

The Board of Education of the Keystone School District adopts the following policy and procedures dealing with student behavior. The Board of Education recognizes that students do not surrender any rights of citizenship while in attendance at Keystone Schools. The school is a community with rules and regulations. Those who enjoy the rights and privileges it provides, must also accept the responsibilities that inclusion demands, including respect for and obedience to school rules. The rules, regulations, and procedures established by the school will apply:

1. on school property, both immediately before and after school hours as well as during the school day,
2. on athletic fields, on school buses, and in all other places where school functions occur or where school activities normally take place
3. throughout the course of any school field trip or other officially sponsored school activity.
4. to off campus conduct where the student's continued attendance at school would have an adverse impact on order, discipline, or the educational process, or could pose a threat of violence or disruption.

Student Expectations

Fourth grade students and younger must be accompanied by parents to any night activity, such as a basketball game, for entrance to be allowed into the activity.

Keystone School Internet-Computer Use Policy

Students, teachers, and staff are provided with access to computers at Keystone School. The Internet and computer access are to be used for legitimate school activities. Inappropriate or unauthorized usage of school Internet and/or computers will result in disciplinary consequences. We are pleased to offer students, teachers, and staff access to the district computer network for the Internet. However, Keystone School respects the right of a parent/guardian to deny the use of the Internet for his/her child. Therefore, a parent/guardian may deny his/her child's access to the Internet at school by notifying the school in writing. Notification in writing to deny your child access to the Internet must be made annually for each new school year.

Access to the Internet will enable students to explore thousands of libraries, databases, and educational sites. Families should be warned that some material accessible via the Internet

may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of informational resources and opportunities for collaboration, exceed any disadvantages. To help students achieve a positive and safe Internet experience, schools will instruct students in appropriate online behavior. Ultimately, parents and guardians are responsible for setting and conveying the standards that their children should follow when using media and informational sources. To that end, the Keystone Public Schools support and respect each family's right to decide whether or not to apply for access. Access to network services is given to students who agree to act in a considerate and responsible manner. Access is a privilege-not a right. Access entails responsibility. Each user of the district computer networks is with district standards and will honor the district's policies, rules, and regulations.

ADDENDUM AUGUST 2022

KEYSTONE RETURN TO SCHOOL GUIDELINES FOR FAMILIES

Protecting our School Community

The following guidelines are shared with our school community, including students, families, and staff, in an effort to mitigate the risk of transmission of COVID-19. Over the past several weeks there has been constantly evolving literature from the education, medical, and public health sectors. The goal has been to create carefully layered, flexible, and developmentally appropriate practices that will ensure the safest school environment possible.

The information presented in this document is shared so that we can begin school with a shared understanding of our responsibility in keeping our students and staff safe from COVID-19. We know we cannot eliminate the virus; but with wise choices, we can mitigate it. Reaching this goal will require all of us working together.

Layered Mitigation Practices

Daily Temperature Checks – Each morning, families are asked to take their children’s temperatures, as a fever of 100 or greater may be an indication of an active case of COVID-19. If this is the case, please keep your child home to monitor for additional symptoms. (Daily COVID-19 School Attendance Questionnaire attached)

Response to additional symptoms – While many children will present with fever initially, many will not. Other symptoms that may develop initially include the following: chills, cough, headache, loss of taste or smell, sore throat, congestion, runny nose, nausea, vomiting, and diarrhea. Any of these are cause for keeping a child home from school. (Daily COVID-19 School Attendance Questionnaire attached)

Hygiene – Handwashing is one of the best means of protection against infection. Students will be reminded to wash their hands often with soap and water for 20 seconds, especially after blowing their nose, coughing, or sneezing; going to the bathroom; and before eating. They will also have access to an alcohol-based hand sanitizer throughout the school building when hand-washing opportunities are not readily available.

Universal & Correct Wearing of Masks

Masks are optional for all students.

CDC guidance and recommendations involving the universal & correct wearing of masks will be considered and encouraged at all times. Oklahoma law currently prohibits mandating the wearing of masks in school buildings unless the governor has issued a state of emergency.

Masks and/or face shields are optional for all faculty/staff members. Keystone School will provide cloth masks and face shields for all faculty/staff members who want them.

Modifying Facilities to Allow for Physical Distancing

Breakfast/Lunch

- Students must return to their seats after dumping trays until dismissed
- Staggered dismissal times for quick and efficient food distribution

Handwashing & Respiratory Etiquette

Hand washing procedures posted in all student bathrooms, PK, gym, fieldhouse bathrooms.

All students should wash their hands/use hand sanitizer a minimum of 4 times daily. Teachers are responsible for providing time within their schedules.

- Before breakfast (entering school)
- Before lunch
- After P.E.
- After recess

Respiratory etiquette will be taught & discussed frequently with all students. All students will be expected to cover their mouth and nose when coughing or sneezing.

Cleaning & Maintaining Healthy Facilities

- All high traffic areas will be sanitized often. This includes doorknobs, light switches, water fountains, and bottle filling stations.
- All bathrooms will be cleaned no less than 2x per day.
- Classrooms will be sanitized daily with a focus on tables, desks, & chairs.

We have purchased hydrogen peroxide based cleaner that will allow us to sanitize our building, classrooms, and cafeteria efficiently and effectively. Tables in the cafeteria will be sanitized after each meal and classrooms will be sanitized daily.

Contact Tracing in Combination with Isolation & Quarantine

Upon receiving confirmation of a positive Covid case, contact tracing will be conducted immediately by an administrator utilizing interviews and our school camera system when possible.

Updated state guidelines for Isolation & Quarantine will be followed by the investigating administrator.

Parents will be contacted immediately for students who have to isolate or quarantine as a result of contact tracing. Furthermore, parents will be provided updated information available from the Health Department related to isolation/quarantine protocol & options.

The results of contact tracing efforts will be reported to the Tulsa County Health Department via the reporting application on the Oklahoma Single Sign On Program.

Diagnostic & Screening Testing

Students

- Temperature will be screened if observed “not feeling well”.
- Sent to office if persistent cough or any additional symptoms are observed

Faculty/Staff

- If any symptoms are present, please notify admin as soon as possible to ensure that class is covered.

Parents/Visitors

- Access granted only if you are showing no signs or symptoms of illness.

Efforts to Provide Vaccinations to School Communities

In conjunction with local health officials, all employees will have the opportunity to receive the vaccination and any subsequent booster shots on site.

As a PK-8 district, the majority of our student population is not currently eligible to receive the vaccination. For those that are eligible, the district will provide information to parents to inform them of their options for the vaccination.

Appropriate Accommodations for Children with Disabilities

All children with disabilities attending Keystone Public Schools, regardless of which learning option they choose, will receive appropriate accommodations in accordance with their Individualized Education Program (IEP) established by their IEP team while considering all federal, state, local, & district health and safety policies.

Coordination with State & Local Health Officials

In the case of any suspected or confirmed positive case, we will seek expertise from the Tulsa County Health Department and adhere to their recommendations for the district.

Resources distributed by State & Local Health Officials will be utilized as guidelines for how we prevent, prepare, and respond to Covid.

Supplies

Sharing of supplies such as crayons, markers, scissors, and pencils will not be allowed. Students will keep their individual supplies separated from those of others in individually labeled containers or cubbies. Any manipulatives needed for instructional purposes will be sanitized prior to use by another student.

Transportation

Students riding the bus will be socially distanced to the extent possible. Students will be assigned a seat on the bus should contact tracing become an issue. Windows will be opened on the bus when possible to maximize fresh air flow.

Office Procedures

Parents are encouraged to conduct business with the office by phone if possible. Please contact the office for log-in information to your account. Payments for breakfast and lunch can be made on-line at our website: www.keystone.k12.ok.us

Chromebooks and Tablets

Chromebooks will be available for all students in Grades 2-8 and tablets will be available for all students in Pre-k-1. These devices will be used at school on a daily basis. Each student will be provided either a Chromebook or tablet in the event long term distance learning is required.

COVID-19 Symptoms at School

If a student displays any COVID-19 symptoms, he/she will be escorted by staff to an isolation room. Parents will be contacted immediately to pick up their child and seek a medical opinion.

Exposures, Diagnoses, & Return to School

In regard to exposures, diagnoses, and positive tests, the CDC recommends the following:

- Any non-vaccinated person who has had close contact with someone positive for COVID-19 should stay home for 5 days after exposure, based on the time it takes to develop the illness.
- Any child who tests positive or has COVID-19 symptoms may return to school after 5 days with no fever and no diminished respiratory symptoms
- A child who tested positive for COVID-19 but had no symptoms can return to school after 5 days have passed since the test. Two consecutive negative COVID-19 tests given 24 hours apart would also indicate the child can return to school. The negative test results should be provided to the school upon return.
- As always, be sure to call the school to report your child's absence.
- For more information, visit the following website: <https://www.cdc.gov/coronavirus>

How Will School Start?

Our number one priority is student and staff health and safety while also providing a safe and positive learning environment for all Keystone students. Keystone Public School understands the importance of in-person learning. Our goal is to start school in person as we would in any other school year. We realize there may come a time when we have to close a classroom, building, or the entire district down due to a rise in confirmed cases of COVID-19. If we find ourselves going to Remote Learning overnight, we want to assure parents that our teachers and students are equipped with the resources and knowledge to conduct and participate in remote instruction.

What if a Grade or the District Has to Shut Down Due to COVID-19?

Additional models of instruction have been developed and may be necessary in the event that we must close a single grade or the entire district due to a dramatic increase in cases of COVID-19, or if we are required to limit the number of students that can be in a building at the same

time. If any such cases arise, we will be ready to immediately implement either a remote or hybrid model of instruction to provide seamless learning for students.

PLANS ABOVE ARE SUBJECT TO CHANGE AS NEW INFORMATION BECOMES AVAILABLE OR AS NEW SITUATIONS ARISE RELATED TO COVID-19
